3 will the port a potty be put back by North
building like we had prior to lan

Jacquelyn Navarro

Yes - it is there now
and we should have
it hooked up by end
of November

4 Any thoughts by the board on
addressing the lighting around the steps,
which is poor in some locations. Also, for
people with challenging night vision, the
solid brown steps have little
differentiation and pose a safety
concern, in my opinion. I know there are
stripes at the top and bottom, but
markings on each step would enhance
visibility.
